## HIGH-TECH HEALING

### DIGITAL X-RAY MACHINE (DR System)

Accurately assess musculo-skeletal conditions with precision and speed

### ICU INCUBATORS

Critical for stabilizing patients; controls temp, humidity, oxygen, and CO2

### ULTRASONIC SCALPEL & VESSEL SEALER

Uses ultrasonic energy for precision cutting and sealing vessels during surgeries

## CONSERVATION & SUSTAINABILITY

### PROTECTING THE ENDANGERED EGYPTIAN VULTURE

Successfully rescued and cared for 8 Egyptian Vultures in 2025, a species of critical conservation concern

### GREEN INITIATIVE: THE EV AMBULANCE

Utilizing a Tata Tiago EV for rescue logistics, ensuring environmental sustainability in bird transport

## SUPPORT OUR MISSION

### "A Second Chance at Flight."

Our mission is made possible by donors who empower us to upgrade our facility and save more lives each year.
